3. [] Scott Cohen, Executive Assistant to Senator Charles H. Percy (R., Ill.), called about the column by Jeremy Stone, which appeared in this morning's New York Times. He also mentioned the news-letter on the Agency which was published by the Federation of American Scientists. Cohen said he thought the Stone column would receive considerable attention and asked if we would give him two or three arguments which might be used by the Senator in discussing it.

4. [] Forest Reece, Senate Agriculture and Forestry Committee staff, called and said Senator Bellmon understood the Agency had been giving some briefings to members of Congress on agriculture and crops in the Soviet Union, Eastern Europe, and China. He said Bellmon would like to have such a briefing. I told him the only briefings we had given on this subject on the Hill were the sessions we had with the Senator and Senator Humphrey prior to their recent trip to the Soviet Union. I added I would look into the matter, however, and be back in touch with him. Reece said both he and Carl Kettler, of the Senator's staff, would like to attend any briefings we gave the Senator on the subject.

6. [] Accompanied Dave Brandwein and [] FMSAC, to a meeting with Dorothy Fosdick and Richard Perle, Senate Permanent Investigating Subcommittee staff. Brandwein worked directly from viewgraph outlines and charts in dealing with recent developments in Soviet and Chinese missiles. Many questions relating directly to the context of the briefing were asked. There are no followups from the meeting. FMSAC maintains a listing of the viewgraph outlines and charts used in the briefing.
